## OUR #1 GOAL:

**A website *anyone* can design.**

- No coding!
- A simple configuration module
- Auto-correct for accessibility
- Real-time – try something and instantly see how it looks
- A familiar platform – LibGuides
- A robust style guide

# Website Service

## Key features:

### Design features are built-in.

- Contemporary, attractive design
- Less text, more visual
- Integrates with your library search & chat reference service
- Several customizable components
- Responsive design – looks good on any device
- Meets latest WCAG accessibility standards
